A GOOD REASON.
Bryan People can Tell Why It Is So.
Doan's Kidney Pills cure the cause
of disease, and that is why the cures
are always lasting. This remedy
strengthens and tones up the kidneys,
helping ethmo drive out of the body
the liquid poisons that cause backache
and distressing kidney and urinary
complaints. Bryan people testify to
permanent cures.

W. J. Walker, Caldwell St. Bryan,
Texas, says: "For some time I was
compelled to rise several times at
night on account of too frequent pas-
sages of the kidney secretions. I also
had severe pains in my back and my
energy was in such a low state that
I found difficulty in attending to my
daily duties. Some time ago I had the
good fortune to hear of Doan's Kidney
Pills and getting a supply at Emmel &
Maloney's drug store, I began the
use. Their effect was prompt and the
results were of a more satisfactory
nature than I had received from any
other preparation I had previously
tried. I can recommend Doan's Kid-
ney Pills highly, knowing from experi-
ence they are a specific for kidney
disorders."
For sale by all dealers. Price 50 cts.

A PLEASANT WAY TO CURE CA-
TARRH.
Poor deluded victims!
Continually sprinkling and spraying
and stomach dosing.
What are you doing it for?
Trying to kill the catarrh germs?
Might just as well try to kill a cat
with fresh milk.
Sticking a piece of chewing gum in
the upper left hand of the right ear
would slaughter just as many germs.
You can't kill the germs that cause
catarrh unless you get where they are.
You can get where the germs are by
breathing Hyomel, the powerful but
soothing antiseptic, which is prepar-
ed especially to kill catarrh germs.
Just breathe it in, that's all. It
gives joyful relief in five minutes. It
is guaranteed by E. J. Jenkins to cure
catarrh, or money back.
It is sold by leading druggists every-
where. A complete outfit, including
inhaler, costs \$1.00. Extra bottles 50
cents. Cure sore-throat, coughs and
colds.
"I take special pride in recommend-
ing Hyomel to asthmatic sufferers, as
I know by experience that it is a rem-
edy that cures. I have not since using
Hyomel had any recurrence of asth-
ma."—Mrs. Wm. Burton, Owosso, Mich.

FIFTY TENTS MORE AT A. AND
M. COLLEGE.

The statement from Austin that
President Milner has procured fifty
more tents to add to the eighty-five
that already dot the campus at the
Agricultural and Mechanical College
makes an interesting item of news.
Whether or not it is an edifying item
depends on the viewpoint. Looking
at it from several angles, The News'
emotions are somewhat-mottled. No
one can be insensible to what is tes-
tified by the fact that more than 200
young men will camp out this winter,
asking and expecting no assurance of
soft weather. It evidences keen crav-
ing for education and a heroic deter-
mination to get it. We should say you
could lift the flap of any one of those
tents and discover the qualities that
compel success. Looking at it from
this angle, one's emotions are not
unpleasant. Indeed, it is a distinctly
encouraging sign that the instruction
given at the Agricultural and Mechani-
cal College is in great demand.

But what shall we think of oursel-
ves for making this sacrifice neces-
sary? Does not the courage of those
boys prove our recreance? We tax the
whole people; for while the immedi-
ate blame for this condition fastens
itself upon those in authority, the
primary cause of this condition is the
negligence and indifference of the peo-
ple, for the condition is not only one
of long standing, but one of which we
had been forewarned for several years.
It is a direct and exemplary conse-
quence of the efforts of politicians to
make a tawdry reputation for econ-
omy, and the people have not only
tolerated but encouraged them in the
effort.

It is one of our boasts that not only
is education free in Texas, but that
every encouragement is held forth to
the boy ambitious to get an education.
This boast is challenged, if not re-
futed, by the state of affairs at the
Agricultural and Mechanical College.
Certainly the need of having to live
in a tent throughout the winter, with
its discomforts and menace to health,
is not encouragement of a seductive
kind. That condition signifies that
the demand exceeds either our abil-
ity or our willingness to supply, and
the commentary is peculiarly discredi-
table, for the reason that the instruc-
tion which the Agricultural and Me-
chanical College gives is the kind
which this state is most urgently in
need of.—Galveston News.

DOG AND PONY SHOW.
A Snoring Elephant that Makes the
Dogs Howl and Gives Monkeys
Hysterics.

Some of the hundreds who will vis-
it the Gentry Bros. shows on the
grounds here Tuesday will doubtless
be puzzled when they see "Satan," one
of the Gentry elephant herd, stretch-
ed out in slumber with a big bandage
tied around his jaws, and if anyone
should ask William Wells, equestrian
director and principal animal trainer
with the show, he will tell a remarka-
ble tale of somnambulism among the
hundred-odd trained animals in the
Gentry aggregation.

"I don't know whether you have
ever heard of an elephant snoring," he
says, "but if you have never heard of
it and should suddenly hear it you
would begin to feel sorry you hadn't
taken out more life insurance."
You know we show people are pretty
much on the jump six days in the
week, and between playing a new
town every day and traveling every
night, we are sometimes hard put to
it for sleep. That's like putting money
in the bank for us."

Well, we had a mighty hard week
last week, and we were just pounding
away on that sleep thing last Sunday
afternoon for dear life when old "Sa-
tan" cut loose with his snoring. Now
when an elephant snores he doesn't
just let his breath out; he constructs
a convulsion of nature that shakes
the tent from center pole to side wall
and gives the monkey's hysterics to
say nothing of throwing all the ponies
into spasms and putting the dogs on
the howl."

"No one has ever heard any of our
elephants snore before, and "Satan" is
so break rattled the other elephants
as much as it did the rest of the out-
fit. "Texas," my assistant, jabbed
three elephant hooks into "Satan" be-
fore he came to and it took an hour
to quiet the menagerie down."

"An hour after that "Satan" went
on another snoring tour and this time
he woke me up, although I was sleep-
ing at the hotel a mile away. He tore
the animal tent to ribbons this time
before they could wake him up, and
when I found what the matter was I
just got busy and had this bandage
made."

I'm going to keep it on him for a
month, and then if he snores when I
take it off; well, he'll have to sleep
outside the tent, that's all."

Eye Use and Abuse.
Those tired eyes of yours will stand lots of abuse, yet there is a limit
to their patience and their power. You may worry along for quite a while,
but there will come a time when you will regret your present indifference.
Here are a few hints:—Headache, Dizziness—Aversion to Bright Light—
Sleepy Feeling while Reading—Blurring of Objects either at close range or at
distance—Frowning or Squinting—Smarting or Burning Sensation in or around
the eyes—Fatigue or requiring stronger light when reading—Dark Spots float-
ing or Bright Lights flashing before the eyes. These are but a few of the
many Symptoms.
Just think it over. I fit glasses for defective visions and eye strain—
that's all, but a little piece of glass will work wonders.
I charge nothing for consultation. If glasses are not needed, I will tell
you; if they are I will furnish them at a reasonable price. Artificially all ask.
Neither can you relieve the strain by "hoping your eyes will become
stronger." Weak eyes, when in need of glasses, always get tired and
